

NEWCASTLE BRIDGES SCHOOL

PE and sport premium 2017-18

Context

The premium is used to fund additional and sustainable improvements to the provision of PE and sport for primary aged pupil in the academic year 2017-18 to encourage the development of healthy active lifestyles. Newcastle Bridges School has a primary cohort of pupils in The Great North Children’s Hospital, Freeman Road Hospital, Community Outreach, Prosper Primary at Mary Astell Academy and in The Ridings ward at Ferndene. Some of the cohort have specific physical disabilities and need specialised equipment to support movements; gross and fine motor skills.

Allocation 17-18

£7129

Approach

INTERVENTIONS	SPEND
<p>GNCH and Freeman Hospital Pupils within The Great North Children’s Hospital and Freeman Hospital have limited opportunities to engage in physical activity due to their medical and physical circumstances, and constraints of being an inpatient undergoing various treatments. There was a need to purchase and replace existing indoor sports equipment that could be safely used in the ward environment to enable access to PE, sports events and daily access to some physical activity. Various resources were purchased such as; Games, Go Pro camera and equipment and a butterfly garden.</p> <p>Art and music resources in Freeman Hospital, GNCH have also encouraged pupils who are unable to move around to discover new dexterity, e.g. modelling clay, sand, soundtracks games, a percussion set, a Boombox and arts and craft equipment.</p> <p>Specially adapted resources to support learners with physical disabilities; e.g. Interactive Educational Activities, Light panel resources, Sensory equipment, Maped smoothy crayons.</p>	<p>£400</p> <p>£1275</p> <p>£1200</p>
<p>Prosper Primary Visits to parks and farms have encouraged pupils to be active through use of adventure playgrounds and longer distance walks - contribution toward transport, admin and health and safety support for outdoor visits, entrance to farm, Scotswood garden and St Mary’s Lighthouse</p> <p>Completing the daily mile has increased the general activity of the Primary Pupils, at times extra staff or supply staff have been required to ensure safety while off site</p> <p>Rewards for engagement in PE, sport and sports day events- certificates, medals, trophies to encourage continuing engagement and enjoyment</p>	<p>£475</p> <p>£297</p> <p>£200</p>

Purchase of gardening equipment suitable footwear and plants to encourage outside activity	£240
In order to enhance learning experiences within PE in Prosper Primary we were able to buy in external providers to offer an alternative PE experience through swimming this enabled pupils to: <ul style="list-style-type: none"> • Develop new skills and interests • Improve confidence and self-esteem • Achieve through enjoyment • Improve communication, team working and social skills 	£360 £200 (transport - shared)
Sports equipment for use in PE lessons and recreational use - Tennis net and post set; rounders, tag rugby, basketball and badminton sets; indoor and outdoor footballs; plastic hoops; airball game and music equipment	£577
Contribution towards Sports Leader Qualification to encourage possibilities of working with Primary pupils	£140
Ferndene Specific resources for Ridings learners at Ferndene were also purchased to enable full access to a PE curriculum given their specific needs such as mini parachutes, hurdles, Shuttleball, music equipment and general sports supplies	£520
Membership to RHS "A year in your school gardening club" to encourage outdoor activity and take steps towards implementing Forest School	£95
Equipment and plants to encourage younger pupils to access forest school type activities	£150
Rewards for attending 'Wake up Shake up' morning sessions	£100
Staff CPD Secondary PE teacher visited Prosper Primary one day per term to allow sharing of ideas, planning and skills (Costs for supply cover)	£450
Secondary PE teacher visited GNCH one day per term to allow sharing of ideas, planning and skills (Costs for supply cover)	£450

PE and sport premium has enabled some primary pupils to engage in PE and sport within an environment that is not conducive to physical activity. This has had an impact on emotional wellbeing and physical health, improving attendance and motivation to engage in hospital education. Those pupils with severe learning and physical difficulties have benefitted from equipment to support fine motor skill and gross motor skill development.

Next Steps

Continue to monitor impact and ensure PE is a regular part of the curriculum offer.

Now appropriate equipment has been purchased for the Primary Provision, we will evaluate its use to ensure maximum benefits and seek further varied ways to improve enthusiasm for sport and outdoor activity.

While elements of Forest School have been introduced where possible this year, we aim to commence a fuller accredited version in future years.
